# **SOY**2020

## **Biology of the Bean**

On August 16 – 19, 2020, the 18th Biennial Conference on the Molecular and Cellular Biology of the Soybean will be combined with the Danforth Center Fall Symposium. The meeting will be held at the Danforth Center, in St. Louis, Missouri home of and near to numerous agricultural biotech companies, Midwestern agriculturally-focused universities, and the United Soybean Board. Please plan to join us at this symposium that will feature the latest research in soybean genetics & genomics, and talks on relevant breakthrough in other crops.
